

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

September 6, 2022

Dear King Members, Friends, and Family:

We hope you had a safe, relaxing, and enjoyable Labor Day holiday weekend. COVID-19 transmission continues to be prevalent across our state and in our local community. We are grateful for everyone who does their part while in the community to limit your exposure to the virus and helps keep our Home safe for all our members and employees.

Since we last updated you, we had 2 members and 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 11 cases of COVID-19 on campus (2 member, 9 employees).

Please get tested if you are not feeling well. Whether you have COVID-19, the flu, or something else, a proper diagnosis gets you treatment faster and protects everyone around you. Vaccinations and booster shots are readily available at local pharmacies and medical offices near where you live. If you are not feeling well, please consider delaying any visit to campus until you have fully recovered.

The CDC continues to recommend everyone ages 6 months and older stay current with their vaccines, which includes everyone 5 years and older getting boosters, if eligible, for the best protection against COVID-19.

Thank you for your continued commitment and support of our Home.

Sincerely,

Diane Lynch, LNHA, MBA
Homes Division Administrator
